id	name	domain	definition	subskills__id	subskills__name
SK01	One-to-One Correspondence	Pre-number	Matching each item in one set to exactly one item in another.	SK01.01	Match one object to one object
				SK01.02	Match objects across two groups
				SK01.03	Maintain one-to-one correspondence while counting
				SK01.04	Identify unmatched objects
SK02	Classification	Pre-number	Grouping objects by shared property and identifying non-members.	SK02.01	Classify by one property
				SK02.02	Identify common property
				SK02.03	Identify odd object
				SK02.04	Classify by multiple properties
				SK02.05	Flexible reclassification
SK03	Seriation & Ordering	Pre-number	Arranging objects or numbers by a quantitative attribute.	SK03.01	Arrange three objects by size
				SK03.02	Arrange objects by length
				SK03.03	Use comparative relationships
				SK03.04	Apply transitivity
				SK03.05	Order numerals
				SK03.06	Order numbers ascending
				SK03.07	Order numbers descending
SK04	Same/Different & Attribute Recognition	Pre-number	Identifying visual and shape attributes of objects.	SK04.01	Perceptual same/different
				SK04.02	Identify visual attributes
				SK04.03	Identify shape attributes
				SK04.04	Identify object differences
SK05	Counting & Counting Sequence	Number Sense	Producing number words in order to enumerate.	SK05.01	Rote counting to 10
				SK05.02	Count objects 1-3
				SK05.03	Count to 5
				SK05.04	Count to 10
				SK05.05	Count to 20
				SK05.06	Count to 50
				SK05.07	Count to 100
				SK05.08	Count forward from a given number
				SK05.09	Count backward
SK06	Cardinality	Number Sense	The last number said in a count tells how many.	SK06.01	Understand last number counted as total
				SK06.02	Count small sets
				SK06.03	Count and tell how many
				SK06.04	Relate quantity to numeral
SK07	Subitizing	Number Sense	Recognising small quantities without counting.	SK07.01	Perceptual subitizing
				SK07.02	Recognize small quantity without counting

id	name	domain	definition	subskills__id	subskills__name
				SK07.03	Conceptual subitizing
				SK07.04	Compose quantity from subgroups
SK08	Quantity & Numeral Representation	Number Sense	Showing numerals, reading, writing, matching to quantity.	SK08.01	Recognize numerals 1-10
				SK08.02	Match numeral to quantity
				SK08.03	Represent quantity with objects
				SK08.04	Read numerals
				SK08.05	Write numerals
				SK08.06	Read/write numbers to 99
				SK08.07	Read/write three-digit numbers
				SK08.08	Read/write four-digit numbers
				SK08.09	Zero as "none"
SK09	Number Comparison	Number Sense	Determining which of two numbers is greater, lesser, or equal.	SK09.01	Compare quantities
				SK09.02	More/less/equal
				SK09.03	Compare numerals using objects
				SK09.04	Abstract numeral comparison
				SK09.05	Compare close numbers
				SK09.06	Compare two-digit numbers
				SK09.07	Compare three-digit numbers
SK10	Number Sequencing & Number Line	Number Sense	Locating numbers on a sequence or number line.	SK10.01	Numeral sequencing
				SK10.02	Before
				SK10.03	After
				SK10.04	Between
				SK10.05	Missing number
				SK10.06	Ordinal position
				SK10.07	Informal number line 0-20
				SK10.08	Number line 0-100
SK11	Place Value & Base-Ten Structure	Number Sense	Understanding that the position of a digit determines its value.	SK11.01	Understand groups of ten
				SK11.02	Tens and ones
				SK11.03	Tens as bundles
				SK11.04	Zero as placeholder
				SK11.05	Two-digit place value
				SK11.06	Three-digit place value
				SK11.07	Expanded form
				SK11.08	Four-digit place value
				SK11.09	Five-digit place value

id	name	domain	definition	subskills__id	subskills__name
				SK11.10	Face value
SK12	Number Composition & Decomposition	Number Sense	Breaking a number into parts and recombining them.	SK12.01	Compose quantities
				SK12.02	Decompose quantities
				SK12.03	Flexible two-digit decomposition
				SK12.04	Flexible three-digit decomposition
				SK12.05	Expanded form (decomposition)
				SK12.06	Regroup quantities
SK13	Addition	Number Operations	Combining to find the total.	SK13.01	Combine sets
				SK13.02	Concrete addition
				SK13.03	Single-digit addition
				SK13.04	Addition within 20
				SK13.05	Addition within 30
				SK13.06	Two-digit addition
				SK13.07	Addition with regrouping
				SK13.08	Three-digit addition
				SK13.09	Multi-digit addition
				SK13.10	Addition word problems
SK14	Subtraction	Number Operations	Taking away or finding the difference.	SK14.01	Take away
				SK14.02	Concrete subtraction
				SK14.03	Single-digit subtraction
				SK14.04	Subtraction within 20
				SK14.05	Subtraction within 30
				SK14.06	Two-digit subtraction
				SK14.07	Subtraction with regrouping
				SK14.08	Three-digit subtraction
				SK14.09	Multi-digit subtraction
				SK14.10	Subtraction word problems
SK15	Multiplication	Number Operations	Repeated addition / scaling.	SK15.01	Equal groups
				SK15.02	Repeated addition
				SK15.03	Skip-count connection
				SK15.04	Multiplication facts 2,3,4,5,10
				SK15.05	Tables 2-10
				SK15.06	Multi-digit multiplication
				SK15.07	Multiplication word problems
				SK15.08	Factors and multiples

id	name	domain	definition	subskills__id	subskills__name
SK16	Division	Number Operations	Splitting into equal shares or groups.	SK16.01	Equal sharing
				SK16.02	Equal grouping
				SK16.03	Division facts
				SK16.04	Relation to multiplication
				SK16.05	Division procedures
				SK16.06	Long division
				SK16.07	Division word problems
SK17	Fractions	Fractions	Equal parts of a whole; notation and equivalence.	SK17.01	Equal parts
				SK17.02	Half
				SK17.03	Quarter
				SK17.04	Fraction notation
				SK17.05	Equivalent fractions
				SK17.06	Decimal notation (tenths and hundredths)
SK18	Patterns & Generalization	Patterns	Identifying, extending, and generalizing rules in sequences.	SK18.01	Identify repeating pattern
				SK18.02	Extend pattern
				SK18.03	Copy pattern
				SK18.04	Two-item pattern
				SK18.05	Three-item pattern
				SK18.06	Number pattern
				SK18.07	Skip-count pattern
				SK18.08	Identify pattern rule
				SK18.09	Generalize pattern
				SK18.10	Advanced number pattern
SK19	Shapes & Spatial Reasoning	Shapes & Spatial	Recognising, comparing, composing, and reasoning about shapes.	SK19.01	Shape matching
				SK19.02	Identify basic shapes
				SK19.03	Identify shape properties
				SK19.04	Compose shapes
				SK19.05	Decompose shapes
				SK19.06	Identify 2D shapes
				SK19.07	Identify 3D shapes
				SK19.08	Spatial vocabulary
				SK19.09	Relate 2D faces to 3D solids
				SK19.10	Nets
				SK19.11	Perspective
				SK19.12	Angles and turns

id	name	domain	definition	subskills__id	subskills__name
				SK19.13	Symmetry
				SK19.14	Reflection
SK20	Measurement	Measurement	Comparing and quantifying length, capacity, area, perimeter.	SK20.01	Compare length
				SK20.02	Compare size
				SK20.03	Compare capacity
				SK20.04	Estimate length
				SK20.05	Estimate capacity
				SK20.06	Use non-standard units
				SK20.07	Use uniform units
				SK20.08	Standard measurement units
				SK20.09	Unit conversion
				SK20.10	Applied measurement
				SK20.11	Perimeter
				SK20.12	Area
SK21	Time & Calendar	Calendar & Time	Reading clocks, calendars, computing elapsed time.	SK21.01	Day/night concepts
				SK21.02	Calendar structure
				SK21.03	Days/weeks/months
				SK21.04	Read calendar
				SK21.05	Tell time to hour
				SK21.06	Tell time to half-hour
				SK21.07	Calculate elapsed time
				SK21.08	Advanced time problems
SK22	Money	Money	Recognising currency and computing amounts.	SK22.01	Recognize currency
				SK22.02	Match currency to value
				SK22.03	Combine amounts
				SK22.04	Calculate total cost
				SK22.05	Calculate change
				SK22.06	Multi-step money problems
SK23	Data Handling	Data	Sorting, tallying, reading and interpreting data displays.	SK23.01	Sort data
				SK23.02	Classify data
				SK23.03	Tally
				SK23.04	Count categories
				SK23.05	Read pictograph
				SK23.06	Read bar graph
				SK23.07	Compare data

id	name	domain	definition	subskills__id	subskills__name
				SK23.08	Interpret data
SK24	Mathematical Reasoning & Problem Solving	Cross-cutting	Applying mathematics to situations across strands.	SK24.01	Identify relevant information
				SK24.02	Choose an operation
				SK24.03	Represent a problem
				SK24.04	Explain reasoning
				SK24.05	Check an answer
				SK24.06	Apply mathematics to daily life
				SK24.07	Solve multi-step problems
